The web app is a mobile HTML5 web app which means you can access it from your web browser (chrome, IE, Firefox, Safari) on your phone, tablet, or PC! **Enter the URL directly into the address bar in the web browser. Do NOT search for the link through google.**

Simply visit this website:

http://app.resultsathand.com/gsdds

iPad and iPhone users can **Add the App to your home screen for fast and easy access.** You can save the app to your home screen by visiting the conference app website above from your device and selecting from the menu at the bottom of your screen. *Android Users...Learn how to add the app to your home screen at: http://bit.ly/NfirwM
