6th Annual Conference October 25-27, 2018

Hyatt Regency Aurora-Denver Conference Center
13200 East 14th Place
Aurora, Colorado, USA, 80011

Registration for the 6th PeDRA Annual Conference is NOW OPEN!

It's that time of year for you to join your PeDRA colleagues at the 6th PeDRA Annual Conference. PeDRA's annual conference is the only meeting that allows pediatric dermatology investigators a central venue to share ideas, foster collaboration, and form large-scale research initiatives that advance the clinical care of childhood skin disease.

Here are just a few experiences you won't want to miss!

Early Investigators Forum: *Cultivating Collaboration through Communication*

Back by popular demand, at this year's Early Investigators Forum, faculty will provide training on manuscript writing and the art of negotiating and coming to a compromise. This forum is targeted to trainees, junior faculty, and investigators interested in more effectively conveying their scientific message.

Informative Plenary Sessions

Conference participants will have the opportunity to hear from our distinguished faculty as they discuss topics at the forefront of the pediatric dermatology community, including:

- **Clinical Research: Outcomes** with **Mary-Margaret Chren, MD**, UCSF and the San Francisco VA Medical Center
- **Clinical Research: Data Standards and Informatics** with **Rebecca Kush, PhD**, Elligo Health Research
- **Basic/Translational Science: Regenerative Medicine** with **Anthony Oro, MD, PhD**, Stanford University and **Dennis Roop, PhD**, University of Colorado
- **Basic/Translations Science: Scleroderma** with **Kathryn Seraphin Torok, MD**, University of Pittsburgh School of Medicine

Expert Consultations

Need help with writing research proposals or navigating difficult conversations or negotiations? Sign-up for one of our expert consultations with Drew Bixby, Assistant Director of the Writing Center UC Denver and Marsheila DeVan, a communications specialist.

An Inspirational Dinner Keynote

The Thursday evening dinner keynote will feature a special presentation by [Robin Deterding, MD, Professor, Pediatrics-Pulmonary Medicine, University of Colorado School of Medicine](#).

Lastly...

Networking & Collaboration

The NUMBER 1 reason to attend the PeDRA Annual Conference is to meet with other investigators who share your research interests. This is your opportunity to create partnerships and collaborations to move your research forward to fruition.
