## Become a Harbin Clinic Physician – Participate in Decision-Making

Have a voice at the table. Experience physician leadership at its best with a board of directors made up of only Harbin Clinic physicians. Find a place to serve and lead on a committee. Collaborate and cooperate with fellow Harbin physician-owners with a proven and successful executive team. Make an impact individually and collectively with your specialty partners. Physicians control the direction and leadership of Harbin Clinic, LLC, not a management company or hospital system. Harbin primary care doctors appreciate specialty support from fellow owners and Harbin specialists appreciate a strong primary care internal referral base. Harbin is affiliated with Emory, Medical College of Georgia, Morehouse College of Medicine, Philadelphia College of Osteopathic Medicine, Mercer University School of Medicine, Floyd Medical Center and Redmond Regional Medical Center.

## About Northwest GA

The quality of life in NWGA is perfectly suited for doctors and families who don't want to live in a metro area, but do want top tier healthcare, education, and superior lifestyle amenities. Out of the Atlanta market and traffic, NWGA is a micropolitan area with abundant outdoor fun, vibrant cities, diverse cultural offerings and easy access to major metropolitan cities - Atlanta, Chattanooga and Birmingham. Smithsonian-affiliated museums, renowned cycling trails, hiking, recreational lakes & rivers, 63-court tennis center & more. Award winning public, private and higher-education academic options including Darlington, an international boarding school, & the world-renowned Berry College, the largest land-mass college in the world.
